HRC FOSFOSANIT is a universal agent for the effective removal of: limescale, rust, patina from copper pipes, dark fungal stains, and other impurities. The product is intended for cleaning ceramic, plastic, metal, stone, and glass surfaces (not recommended for marble or high-gloss natural stone). Coverage is 8–20 m² per 1 L, depending on the level of surface contamination.

ADVANTAGES AND FEATURES

- Removes limescale, rust, patina, dirt, and dark fungal stains
- Easy to use
- Simple to apply
- Can be used in well-ventilated interiors

INSTRUCTIONS FOR USE

Before use (especially on stone), test on a small, less visible area. Apply the product to the soiled surface using a spray bottle or sponge. Allow it to act for 1–5 minutes, then rinse with water or a damp sponge. Repeat the process if necessary. After use, clean tools with plain water.

TECHNICAL DATA

STATE: Liquid
ODOR: Noticeable citrus
WATER SOLUBILITY: Complete
SURFACE COVERAGE: 8–20 m²/l
DENSITY: 1.1405 g/cm³
pH VALUE: 0.39
COLOR: Colorless

Laboratory test: 197/2023-TO

STORAGE Store in a dry place at a temperature between 5°C and 30°C.

DISPOSAL Product residues are considered special hazardous waste. Dispose of according to national regulations.

SHELF LIFE: 12 months after opening

REQUIRED TOOLS: Sponge, spray bottle

HAZARD STATEMENT (HR): WARNING Hazard Statements: H290 May be corrosive to metals. H315 Causes skin irritation. H319 Causes serious eye irritation. H335 May cause respiratory irritation.
Precautionary Statements: PREVENTION] P234 Keep only in original packaging. P260 Do not breathe gas/mist/vapors/aerosol. P280 Wear protective gloves/protective clothing/eye protection/face protection.
[RESPONSE] P303+P361+P353 IF ON SKIN (or hair): Remove immediately all contaminated clothing. Rinse skin with water/shower. P304+P340+P310 IF INHALED: Move the person to fresh air and position them to facilitate breathing. Immediately call POISON CONTROL CENTER / physician. P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing. P390 Absorb any spillage to prevent material damage. **[STORAGE]** P406 Store in a corrosion-resistant container or container with a resistant inner liner.

FIRST AID After inhalation: Move the person to fresh air. If breathing stops, administer artificial respiration. If dizziness, headache, nausea, or similar symptoms occur, seek medical advice. In case of unconsciousness, place the person in a recovery position and ensure airway patency. After skin contact: Remove all contaminated clothing and footwear. Rinse affected areas thoroughly with water and mild soap for at least 15 minutes. If symptoms appear or persist, continue decontamination and seek medical advice. After eye contact: With clean fingers, hold the eyelids apart and rinse each eye gently with a stream of water for at least 15 minutes (during the first 60 seconds, alternate rapid rinsing of each eye). If symptoms appear or persist, continue rinsing and seek advice from a physician or ophthalmologist. After ingestion: Do not induce vomiting! Rinse mouth with water and spit out. Give the person 200–300 mL of water to drink. Keep the person calm and in a semi-upright position. Seek medical advice.
